What the critics/DJs are sayin':

- "This has track of the year all over if for me."
- "One of my faves from the year so far."
- "This is a terrific release. Remixes are stellar (naturally) and will go down a storm. But for me the standout is Martin's original of Ratholin'. Very, very funky and the vocal works a treat."
- "This is super sick, will definitely play in sets, super strong release all around!"

- "You know what? Think this is one of the best Tici Taci releases so far"

I also have other exciting news! *Close Reading with Computers* has now gone to print at Stanford University Press ahead of its release in June. Hurrah!
